## JAVA DEVELOPER

## Profile Summery

Innovative and results-driven Java Developer with **1 years** of hands-on experience in designing, developing, and maintaining high-performance applications. Proficient in Java programming, adept at utilizing various frameworks and tools to deliver robust and scalable solutions

## Experience

**Java Developer   Kotak Securities pvt ltd   2023 - 2024**

Experienced Java Backend Developer with a demonstrated history of working in the information technology and services industry. With over **1 years** of hands-on experience, I specialize in building robust and scalable backend solutions using Java, Spring, Spring Boot, and Hibernate frameworks. My expertise extends to database management systems such as Oracle, where I proficiently design and optimize database schemas and queries to ensure high performance and data integrity. • Hands-on experience in J2EE technologies Servlet, JSP, Thymeleaf and JDBC. •Good knowledge on development of web-based applications using J2EE, Spring ,Spring boot and Real-Time Tools. • Good knowledge in Object Oriented Programming Concepts, String Handling, Exception Handling, Interfaces, Abstract Classes and Collection framework.

## Projects

**Inventory Management Application   (Kotak Securities)**

**.Role:Developer**

**.Team Size: 8**

**.Environment: Java 1.8, J2EE, Spring MVC, Spring Boot, Hibernate, HTML, CSS, Bootstrap, JavaScrip.**

**Description:** The Inventory Management System (IMS) is a comprehensive software solution designed to streamline and automate inventory management for businesses of all sizes. This system efficiently tracks, controls, and optimizes stock levels, orders, and deliveries, enhancing operational efficiency and reducing costs associated with inventory mismanagement.

**Responsibilities:** Developed core features of the inventory management system using Java. Wrote clean, efficient, and maintainable code. Implemented integration with external systems and APIs. Performed unit testing and debugging. Collaborated with front-end developers to ensure a seamless user experience.

## Certificates

**Full-stack Java developer - Bytecode IT Solution Kanpur**

**Java Basic - Hacker-Rank**
